ACADEMIC SALARY SCALES NOTES

FACULTY-LADDER RANKS--PROFESSOR SERIES

I. Rank and Step

- A. The "step" of an appointee is indicated by a Roman numeral after the rank -- e.g., Assistant Professor, Step II; Associate Professor, Step II; Professor, Step II. The step is not part of the title or the rank. Rather, it is an indicator of the stage of advancement of the individual, and is used primarily to keep a record of such advancement.
- B. For statistical purposes, years at rank and step for appointees are recorded in their individual salary history record as follows:
 - 1. An academic-year (9-months) appointee who has served at least two full quarters or one full semester in any fiscal year (July 1 through June 30) will receive one year's credit at rank and step.
 - 2. An academic-year (9-months) appointee who has served just one quarter in any fiscal year (July 1 through June 30) will not receive credit for that year at rank and step.
 - 3. A fiscal-year (11-months) appointee who is appointed during the period July 1 through January 1 will receive one year's credit at rank and step.
 - 4. A fiscal-year (11-months) appointee who is appointed during the period January 2 through June 30 will not receive credit for that year at rank and step.

II. Normal Periods of Service

- A. **Assistant Professor:** The total period of University service with the title Assistant Professor, or with this and certain other titles, shall not exceed eight years. (For complete information, see the *Academic Personnel Manual*.) The normal period of service at a given step in this rank is two years. The first four steps in rank and corresponding salary levels are for normal use. Steps V and VI may be used in exceptional situations and with proper justification. Please refer to the campus policy manual, CAPP 407.690.
- B. **Associate Professor:** The normal total period of service in the rank of Associate Professor is six years. The normal period of service at any one of the first three steps of the rank is two years. Steps IV and V may be used in exceptional situations and with proper justification. Please refer to the campus policy manual, CAPP 407.690.

- C. **Professor:** The normal period of service at step is three years in each of the first four steps. Service at Step V may be of indefinite duration. Advancement to Step VI usually will not occur after less than three years of service at Step V, and will be granted on evidence of highly distinguished scholarship, highly meritorious service, and evidence of excellent University teaching. In interpreting these criteria, reviewers should require evidence of excellence and high merit in original scholarship or creative achievement, teaching, and service; and, in addition, great distinction, recognized nationally or internationally, in scholarly or creative achievement or in teaching. Service at Professor, Step VI, VII, VIII, or IX may be of indefinite duration. Advancement from Professor, Step VI to Step VII, from Step VII to Step VIII, and from VIII to IX usually will not occur after less than three years of service at the lower step, and will only be granted on evidence of continuing achievement at the level required for advancement to Step VI.

Advancement to an above-scale salary is reserved for scholars and teachers of the highest distinction whose work has been internationally recognized and acclaimed and whose teaching performance is excellent. Except in rare and compelling cases, advancement will not occur after less than four years at Step IX. Moreover, mere length of service and continued good performance at Step IX is not justification for further salary advancement. There must be demonstration of additional merit and distinction beyond the performance on which advancement to Step IX was based. A further merit increase in salary for a person already serving at an above-scale salary level must be justified by new evidence of merit and distinction. Continued good service is not an adequate justification. Intervals between such salary increases may be indefinite, and only in the most superior cases where there is strong and compelling evidence will increase at intervals shorter than four years be approved.

III. Off-Scale Salaries

For specific guidelines for use of off-scale salaries, refer to the campus policy manual, CAPP 803.620 and the delegation of authority chart, Appendix 1.

LIBRARIAN SERIES

Normal Periods of Service

- (1) **Assistant Librarian:** See the Academic Personnel Manual for policy on length of service as Assistant Librarian. The period of service at each step is normally two years. The salary for Assistant Librarian, Step III, is identical to that of Associate Librarian, Step 1. An Assistant Librarian promoted to Associate Librarian after two years' service at Step III will be advanced to Associate Librarian, Step II.
- (2) **Associate Librarian:** The normal period of service in this rank is twelve years, but the University is under no obligation to promote to the rank of Librarian. Service at Step VII is normally in lieu of promotion to the rank of Librarian and may be of indefinite duration.
- (3) **Librarian:** The normal period of service at step is three years at Steps I, II, III, and IV, and of indefinite duration at Steps V, VI and VII. Advancement to Step VI will normally not occur with less than three years of service at Step V, except in unusual cases. Advancement from Step V to Step VI is reserved for Librarians with a distinguished career history who have demonstrated significant achievement since attaining Step V. Advancement to Step VII will normally not occur with less than three years of service at Step VI.

SUPERVISOR OF PHYSICAL EDUCATION SERIES

Refer to APM 300-18 b. for policy on normal periods of service.
